

Patient Support Program

Personalized support for you and your patients.

When you prescribe a KalVista treatment, a dedicated Regional Access Manager (RAM) supports your office by providing education on services and addressing access-related questions. Your patients and their caregivers are paired with Care Managers who provide resources, tools, and guidance to help them effectively manage their treatment journey.

Access when it matters.

KalVista Cares™ helps ensure that your patients will have consistent, reliable access to EKTERLY™ (sebetralstat) when they need it most.

Our team provides a comprehensive range of patient support services, with Regional Access Managers (RAMs) as your main point of contact for personalized assistance.

Benefits Investigation

Our Care Managers assist patients in understanding their insurance coverage and out-of-pocket costs. We provide timely and accurate response, enabling efficiency so patients can access the therapies they need when they need it most.

Prior Authorization

We support patients with their initial authorization requests and reauthorizations. If a prior authorization is denied, we can help patients understand the appeals process, advocating for your patients' coverage needs to ensure they receive the care they deserve.

Financial Assistance Options

If your patient is eligible, our Care Managers can also help patients enroll into the KalVista Cares Co-pay Assistance Program*

Resources and Community Connections

KalVista Cares is committed to empowering your patients by connecting them to valuable community and emotional support resources.

Specialty Pharmacy Coordination and Triage

We'll collaborate closely with the pharmacy and your patient's insurance provider to help facilitate access to their KalVista treatment, addressing any coverage or logistical challenges along the way.

*IMPORTANT NOTICE: This co-pay assistance program is intended only for eligible patients with commercial (private) insurance. Patients with government-funded insurance, such as Medicare, Medicaid, TRICARE, or any state or federal health insurance program, are not eligible to participate. Participation in the program is subject to eligibility requirements and program limits. The program may cover a portion or all of the patient's out-of-pocket costs, up to a maximum amount determined by the program. Terms and conditions may change from time to time, or the program may be discontinued at any time without notice. For the current terms and conditions, please visit <https://www.kalvista.com/terms-conditions/>. By participating, patients agree to comply with all terms and conditions.

Financial assistance for patients.

KalVista Cares Specialists guide your patients through each step of the insurance process, answering questions and providing support for all types of coverage situations.

With the KalVista Cares Co-Pay Assistance Program, commercially insured patients may pay as little as **\$0 for their prescribed KalVista treatment.**

To be eligible, patients must:

- Have commercial insurance (Commercial insurance does not include Medicare, Medicaid, Veterans Affairs (VA), or other federal or state health plans)
- Be enrolled in the KalVista Cares Patient Support Program

Quick Start Program

KalVista Cares may be able to help patients with temporary treatment options while awaiting an insurance coverage.

Patient Assistance Program

KalVista Cares can provide your eligible patients with eligibility criteria and information about financial assistance.

Regional Access Managers

Your trusted partner every step of the way.

RAMs assist with **Initial Coverage Determination, Access, Authorization, and Appeals Support**, helping to resolve insurance-related obstacles that may prevent patients from accessing treatment in a timely manner. They can help minimize delays and disruptions, playing a crucial role in helping to navigate denials, prior authorization requirements, and addressing coverage rejections, keeping communication strong across all partners in the sometimes complex payor landscape.
